

# Course Management (State Edition) Tool Rights

Last Modified on 12/22/2025 2:27 pm CST

The Course Management tool is available for State Edition installations. It allows courses to be created and managed at the state level and then pushed to district sites, providing consistent course offerings throughout the entire state.

See the [Course Management](#) article to learn about management courses at the State Edition level.

The screenshot displays the Course Management tool interface. The top navigation bar shows "Scheduling & Courses > Courses > Course Management". Below this is a table of courses with columns for "State Code - Name" and "Published Info". Two courses are selected: "0A007X0 - AP Research" and "0A017X0 - AP Seminar".

The detailed view of the selected course "0A007X0 - AP Research" is shown below the table. It includes the following fields:
