Summer Education Program

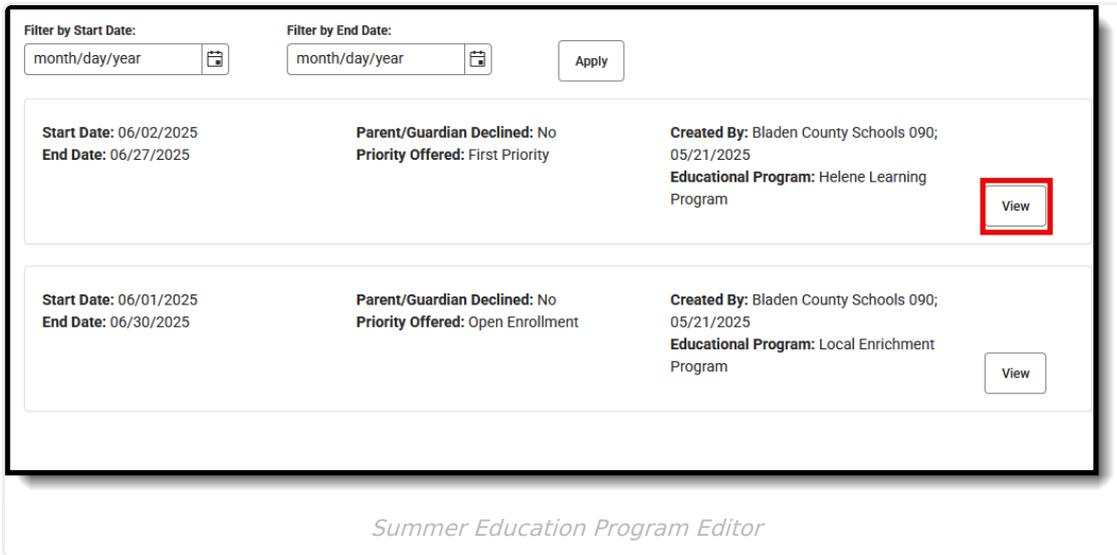

Use the [Federal/State Program Updater](#) tool to import Summer Education records to this tool.

This tool is available in both State and District Editions. For State Edition users, this tool is read-only.

See the [State Programs Tool Rights](#) article for information about tool rights needed to use this and other State Programs tools.

The main view of the Summer Education record is the Program Editor, which lists all Summer

Education records in chronological order (most recent record listed first) that have been recorded for the student.

The screenshot shows the 'Summer Education Program Editor' interface. At the top, there are two filters: 'Filter by Start Date' and 'Filter by End Date', both with input fields for 'month/day/year' and a calendar icon, followed by an 'Apply' button. Below the filters is a table of records:

Start Date	End Date	Parent/Guardian Declined	Priority Offered	Created By	Educational Program	Action
06/02/2025	06/27/2025	No	First Priority	Bladen County Schools 090; 05/21/2025	Helene Learning Program	View
06/01/2025	06/30/2025	No	Open Enrollment	Bladen County Schools 090; 05/21/2025	Local Enrichment Program	View

The 'View' button for the first record is highlighted with a red box. The title 'Summer Education Program Editor' is centered at the bottom of the interface.

To view details of any of the records, click **View**. This opens the Program Detail for the selected record, where information can be viewed or modified as needed.

Add a Summer Education Record

1. Click **New** in the action bar across the bottom.
2. Enter a **Start Date** for when the student began the summer education program.
3. Mark the **Parent/Guardian Declined** checkbox if the student's guardian did not approve the student attending the recommended program.
4. Select the **Priority Offered** option.
5. Select the **Educational Program** option.
6. Select the **Assessment Used** option given to the student. More than one assessment can be selected.
7. Enter any **Comments** related to this record.
8. Click **Save** when finished.

Overlapping records are allowed based on the type of Educational Program. This means a student can have several Summer Education records with different Educational Programs that have overlapping start dates and no end dates.

End a Summer Education Record

1. Select the appropriate Summer Education record from the list of records and select **View**. The Program Information editor displays.
2. Enter an **End Date** for when the student ended participation in the Summer Education program. End dates must be **AFTER** the start date.
3. Select the appropriate **Program Exit Status**.

4. Enter any **Comments** needed for this record.
5. Click **Save** when finished. The record is ended and is displayed on the Program Editor with an End Date.

Print a Report

Click **Print** from the Program Editor list to generate a PDF Summary of the student's Summer Education records.
