

# Code Defining Tool Rights

Last Modified on 12/14/2025 8:45 pm CST

The **Code Defining** tool tracks the meaning of a field value so that Infinite Campus can utilize codes from various locations throughout the product to aid in logic used for reports and/or calculations.

See the [Code Defining](#) article for details on defining, adding, and copying values.

## Suggested User Groups

Typically, users of this tool have already been assigned one or more Product Security Roles that grant administrative-level access; therefore, a user group assignment is not necessary.

If your district's needs are different, you may choose to create a group that meets those needs.

See [User Groups and Suggested Roles](#) for more information.
