

## **Code Defining Tool Rights**

Last Modified on 07/09/2025 1:18 pm CDT

The **Code Defining** tool tracks the meaning of a field value so that Infinite Campus can utilize codes from various locations throughout the product to aid in logic used for reports and/or calculations.

See the <u>Code Defining</u> article for details on defining, adding, and copying values.

## **Suggested User Groups**

Typically, users of this tool have already been assigned one or more Product Security Roles that grant administrative-level access; therefore, a user group assignment is not necessary.

If your district's needs are different, you may choose to create a group that meets those needs.

See <u>User Groups and Suggested Roles</u> for more information.
