

# Resync State Data Tool Rights

Last Modified on 07/09/2025 1:19 pm CDT

The Resync State Data tools selectively resynchronize data from District to State Edition. This can either be done for several DIS Objects at once, or for selected objects. DIS must be enabled to use these tools.

To learn more about the tools, see the [Resync State Data - Batch](#) and [Resync State Data - Selective Sync](#) articles.

State-level users, please see the [Resync State Data \(State\)](#) article. This tool is only applicable in a district/state operating as part of an Infinite Campus State or Regional Edition. It does not appear in all districts.

**State Data Resynchronization**

This tool will selectively resynchronize data from the district edition to the state edition. The resynchronization will happen asynchronously and you will receive a notification when it completes. The primary uses for this tool include: forcing an initial sync of data to the state after a district goes live, forcing a sync of information modified outside of the application (i.e., through a SQL query) to the state, and forcing a sync of information at reporting time to ensure that the state has the most accurate and timely information available.

**Selective Sync Tool**

This tool allows a user to sync an individual or specific set of records.

Select an object and enter the ID(s) of the records to sync. When more than one record should be synced, separate the IDs with a line break, comma, or space.

Select Object(s)

PersonIdentity
Enrollment

Enter District Person IDs

Sync

## Available Tool Rights

Tool	R	W	A	D
<b>Batch</b>	View and run batch sync	N/A	N/A	N/A
<b>Selective Sync</b>	View the tool and sync history	Use the sync tool	N/A	Delete sync history

## Suggested User Groups

Typically, users of this tool have already been assigned one or more Product Security Roles that grant administrative-level access; therefore, a user group assignment is not necessary. If your district's needs are different, you may choose to create a group that meets those needs.
