The following videos describe exciting innovations being added to the SIS.

## Groups and Section Feed

Groups has been added to the Campus Learning Suite! This powerful communication tool makes it easy to connect mixed-role groups (teachers, students, staff, and parents), all in one place. Whether you're organizing clubs, teams, or school-wide initiatives, Groups provides one- and two-way communication in a single, convenient space.

## New Look of Infinite Campus

As of Release Pack .2527 (June 2025), the New Look of Infinite Campus has replaced Classic Campus. To learn more about this new version of Campus, see the [Learn About the New Look of Infinite Campus](#) article or watch the video below.
