

Portal Gender Identity Tool Rights

Last Modified on 12/14/2025 8:45 pm CST

The **Portal Gender Identity** tool allows schools to choose whether Gender and Pronouns are displayed in Campus Student and Campus Parent portals, specifically when viewing Demographics, Meal Benefits and OLR.

This requires the following:

- Pronouns and Gender are enabled in the [Core Attribute Dictionary](#).
- Pronouns have been set up in the [Pronoun Setup](#) tool.

See the [Portal Gender Identity](#) article for details on available Portal Display Options.

Portal Gender Identity ☆

System Settings > Portal Preferences > Portal Gender Identity

Changes made here will be applied to all schools. Gender and Pronoun fields must be enabled in the Core Attribute/Dictionary tool to display.

Display Gender: Display Pronoun:

Suggested User Groups

Typically, users of these tools have already been assigned one or more Product Security Roles that grant administrative-level access; therefore, a user group assignment is not necessary.

If your district's needs are different, you may choose to create a group that meets those needs.

See [User Groups and Suggested Roles](#) for more information.
