Tool Search: Dependent Care

Settings

The Settings options allow users to select Program and Invoice Settings that will apply to ALL Dependent Care sessions.

NOTE: Before creating sessions or doing anything else, it is recommended users determine both Program and Invoice Settings.

Program Settings

Use the Program Settings fields to enter information that will apply to all sessions. The Program address, program information, and the pending period for a program display on the Dependent Care Parent Portal. Guardians see this information when registering for sessions and viewing the portal.
