

Academic and Graduation Programs (State Edition)

Last Modified on 02/17/2026 1:57 pm CST

Tool Search: Academic and Graduation Programs

The **State Edition Academic and Graduation Programs** tool gives State Edition Users (e.g. Curriculum Directors) more functional options to manage their State Academic/Graduation Plans and publish them to districts. These options facilitate standardization of plans for students in a state.

This tool is currently only available in North Carolina.

State Edition View vs. District Edition View

The tools at the State and District level have similar capabilities, with the following exceptions:

When creating new programs...	State Edition View	District Edition View
<ul style="list-style-type: none">Users creating programs at the State level do not see the School and Flagged fields in Program Details.Users creating programs at the State level do not currently see the Course Plan Template tab		

After a State Managed Program has been published to Districts:

Users at the District level...

- **Cannot** change information on any tabs for a Program pushed down from the State (accessibility features will let non-sighted users know when a field is read-only)
- **Cannot** populate School and Flagged fields in Programs pushed down from the State
- **Cannot** change compound requirements set by the State
- **Can** see and populate the Course Plan Template tab on Programs pushed down from the State
- Will see "State Managed" in the summary information indicating when a State Managed program was published or modified.

State Managed Academic and Graduation Programs

Create State Managed Program

- See the core articles detailing how to [Add an Academic Program](#), [Add a Graduation Program](#), and [Manage Existing Programs](#) for instructions regarding how to create and maintain these programs.
- State level users will not see the **Course Plan Template** tab. State Managed programs will not include Course Plan Template information.

Publish Close

Publish to Districts

A detailed notification will be sent to the Message Center for all District Edition users with the appropriate tool rights.

The following 3 state program records will be published to all districts:

Name	Category	Last Published
2021 HS graduation Requirements	graduation	Last Published: Administrator, System 6/13/25, 10:10 AM
HS GRAD PROGRAM-SAMPLE	graduation	
QA Course Requirements Only	graduation	Last Published: Administrator, System 6/13/25, 10:10 AM

1. Select **Publish to Districts** to publish all programs to all districts, or use Filter to narrow results to specific programs to be published.
2. Select **Publish** to publish the selected programs to all districts.
3. A notification will be sent to the **Message Center** for District Edition users with appropriate tool rights.

Message Center - District Edition Users

When programs are published to districts, a notification is sent to the Message Center at District Edition. A quartz job runs overnight and sends the message to the District Edition users who have appropriate tool rights. District users will need tool rights to [Academic and Graduation Programs](#) as well as [Course Management](#) if they are to get Message Center messages about updates.

The notification is considered a State Notification and looks similar to this.
