

Grading & Standards Reports Tool Rights

Last Modified on 12/09/2025 11:18 am CST

Since generating a report doesn't add or change existing data, only Read rights are required. Write/Add/Delete rights, if granted, have no impact. This article contains screenshots of what the Grading & Standards Reports look like, with summaries of what each report is used for.

To learn more about these reports and how to run them, consult the individual articles in [Grading & Standards Reports](#).

Grading & Standards Reports

Some information, such as Social Security numbers, may not display on a report if the person generating the report doesn't have rights to view it. Users require Calendar Rights that determine the years and schools for which they can generate reports.

Course Standards Report

Cumulative Labels Report

The [Cumulative Labels Report](#) generates a large-size mailing label listing the student's transcript information for the current school year.

► [Click here to expand...](#)

Cumulative Labels ☆

Grading & Standards > Reports > Cumulative Labels

Cumulative Labels

A Cumulative Label is a large-size mailing label that has an entire year's transcript printed on it. The labels can be attached to the student's file folder as a way of storing a hard copy. Currently these labels only print transcript entries that have credits listed under Credit Groups. Standard Groups do NOT currently display. This is a very complex report, so please try to limit the number of students included in each batch. Use form Avery 5163 for the best results.

Which students would you like to include in the report?

Grades Batch Report

This report will batch print students' grades. There is an option to print the report grouped by student, teacher or course. There is an option to set a page break for each student or course, suitable for handing out. The grades report group by Teacher will always set a page break for each teacher. This is a very complex report, so try to limit the number of students run per batch. Checking the page break option will make the report run faster.

Grading Changes Not Pushed Report

The [Grading Changes Not Pushed Report](#) lists changes to grading setup that could not be pushed from the course master to the course for various reasons. These reasons include:

► [Click here to expand...](#)

Grading Changes Not Pushed Report ☆ [Grading & Standards](#) > [Reports](#) > Grading Changes Not Pushed Report

Grading Changes Not Pushed Report

This report lists Categories, Grading Tasks, and Standards that had assignments, scores, or grade calc options aligned when they were removed or marked post-only at the Course Master level. It also includes Course Master composites that exist on a different parent Grading Task or Standard in the Course as well as Course Master parent/child composite combinations that exist in the Course. They cannot be removed or updated at the Course/Section level. The report will run against all school calendars that pertain to the selected Course Master and reports based on the School Year selected in the toolbar.

Calendars and courses that ignore master pushes will NOT display in this report.

Term GPA Report

This report prints the Term GPA for students selected by grade level or Ad Hoc filter. Report options include:

- Weighted or Unweighted Term GPA calculation
- Minimum and Maximum Term GPA fields to limit the Term GPA values that display
- A Rolling Term GPA can be selected as a display or sort option in a calendar that does not have a Custom GPA associated with it
- This report can be run in PDF or CSV format

The System Preference for # of Significant Decimal Places applies to the display of both Term GPA and Rolling Cumulative GPA values. When the report is run with the option to use Bonus Points, readability of the PDF may be affected if there are more than 4 terms and/or 4 significant decimal places. This report can be run through the Batch Queue tool, which is suggested for reports with a large amount of data to avoid time-out errors and/or system performance issues.

Transcript Batch Report

This report will batch print student transcripts, one per mailing address per student. To print one transcript per student when students have multiple mailing addresses, check the box labeled "Transcript without mailing address, one per student". If a calendar is selected in the toolbar, the transcript will only show marks earned in grade levels present in that calendar. This is a very complex report; try to limit the number of students run per batch.
