

Push All Course Masters Tool Rights

Last Modified on 12/14/2025 8:45 pm CST

The **Push All Course Masters** tool pushes grading setup and course master attributes from **all** course masters in the selected Course Catalog to linked courses.

See the [Push All Course Masters](#) article to learn how to use this tool.

Push All Course Masters ☆

Grading & Standards > Grading & Standards Administration > Push All Course Masters

Push All Course Masters

This tool pushes all locked data to courses that are linked to course masters in the selected catalog. Data is pushed based on the year selected, regardless of the calendar selected in the Campus toolbar. Select desired grading setup and course master attributes to determine what is pushed.

To relink courses that are out of sync with their respective course masters, select 'Overwrite existing course and section level data.' Infinite Campus recommends running this tool during off-hours.

Note: Batch Reporting must be enabled to process batch jobs. If the report appears in the Batch Queue List after running a push or overwrite but does not process, Batch Reporting is likely disabled.
