Behavior Attendance Audit Report

The Behavior Attendance Audit Report identifies students who have behavior resolutions not linked to an entry in their attendance record or have specified attendance codes not covered by a behavior resolution. If attendance modification from Behavior Management has been enabled, the Behavior Attendance Audit report displays instances where an attendance record was created from a behavior resolution.

This report is found in both [Attendance Office Reports](#) and [Behavior Office Reports](#).

Behavior Attendance Audit Report

This report is used to audit attendance populated from a behavior resolution. There are three sections:

- Behavior Resolutions without a selected corresponding Attendance Code, which displays days where there should be an attendance code populated from a behavior resolution.
- Attendance created from a Behavior Resolution, which displays days where there is a behavior-linked attendance code but no behavior resolution
- Attendance created from a Behavior Resolution, which displays days with an attendance code populated from a behavior resolution.
