[District Employment Data Elements](#)

The District Employment tool provides information on all current and past employees within the district or state. This article details the fields specific to Delaware districts. For additional information on the functionality of this tool, see the [District Employment](#) documentation.

The screenshot shows the 'District Employment' editor interface. At the top, there is a placeholder image of a person, the name 'Smith, John', and the staff number 'Staff #:123456'. Below this are three buttons: 'Save' (blue), 'Delete' (red), and 'New' (white). The main area is divided into two sections: 'Employment Records' and 'Employment Information'. The 'Employment Records' section contains a single entry: 'Campus School (09/01/2024-)'. The 'Employment Information' section contains the following fields and their values:

*Start Date	09/01/2024	End Date	
Teaching Start Year		Teaching Years Modifier	
License Number		FTE Percent (whole number 0-100)	
District Staff	<input checked="" type="checkbox"/>	District Assignment Code	20: Support Services Staff
Seniority		Education

A System Preference is available - [Require Employment Record for District Assignment](#) - that determines how District Employment records work in conjunction with District Assignment records. The Employment tool creates a district employment record; the District Assignment tab creates a school or building employment record.
