

## **Response Extract Tool Rights**

Last Modified on 12/14/2025 8:45 pm CST

The **Response Extract** allows the review of all responses submitted for a survey. Submissions can be printed, filtered, saved, and displayed in a pivot table for further analysis.

See the Response Extract (Surveys) article to learn how to use this tool.

## **Related Tools:**

Survey Designer: Used to create survey templates.

Survey Messenger: Used to send surveys that were created in Survey Designer.

Response Extract: Used to review and analyze survey responses.

## **Available Tool Rights**

R	w	A	D
Generate Response Extract.	N/A	N/A	N/A

## **Suggested User Groups**

Districts that choose to use the Survey tools have different approaches to how the tools are to be used and who is to use them (e.g. teachers, counselors, principals, district office staff). Districts can create and assign user groups according to their needs.
