Tool Search: Work-Based Learning

In **Iowa**, Work-Based Learning includes "sustained project-based learning in partnership with an employer, simulated work experiences aligned with industry-recognized credentials, high-quality pre-apprenticeships aligned to an apprenticeship, student learner programs, internships, and apprenticeships" (Senate File 2411). These experiences typically occur during high school and primarily take place in a physical work environment. However, some may be provided in a simulated or virtual work environment within a classroom setting. The Work-Based Learning tool allows staff to record students' participation.

Below the filters, there's a section for 'Start Date: 09/08/2025', 'End Date:', and 'Created By: Administrator, 09/08/2025'. A 'View' button is next to the 'Created By' field. At the bottom left, there are 'New' and 'Print' buttons. The interface is labeled 'Work-Based Learning Tool' at the bottom.
