Title Funded Programs is a tool that allows staff to enter information for individual students participating in various programs, such as Title I, Part A, Title I, Part D, and Title III. This article describes the basic functionality of the tool.

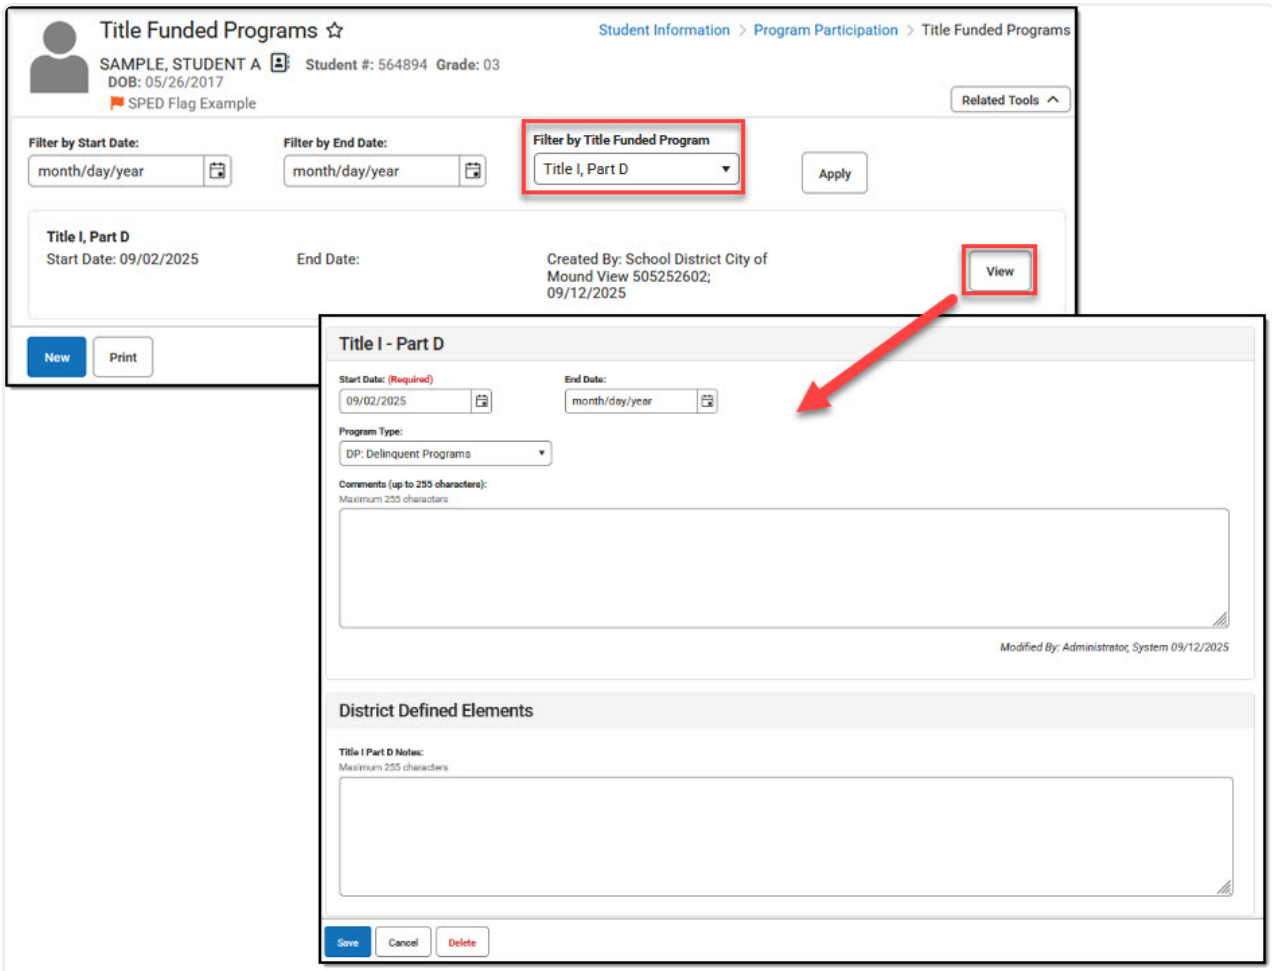

The Title Funded Programs tool is used to capture information about Title programs a student participates in.

See the Program Participation Tools Tool Rights article to learn about rights needed to use this tool.

How-to

Search/Filter/View

Click here to expand...

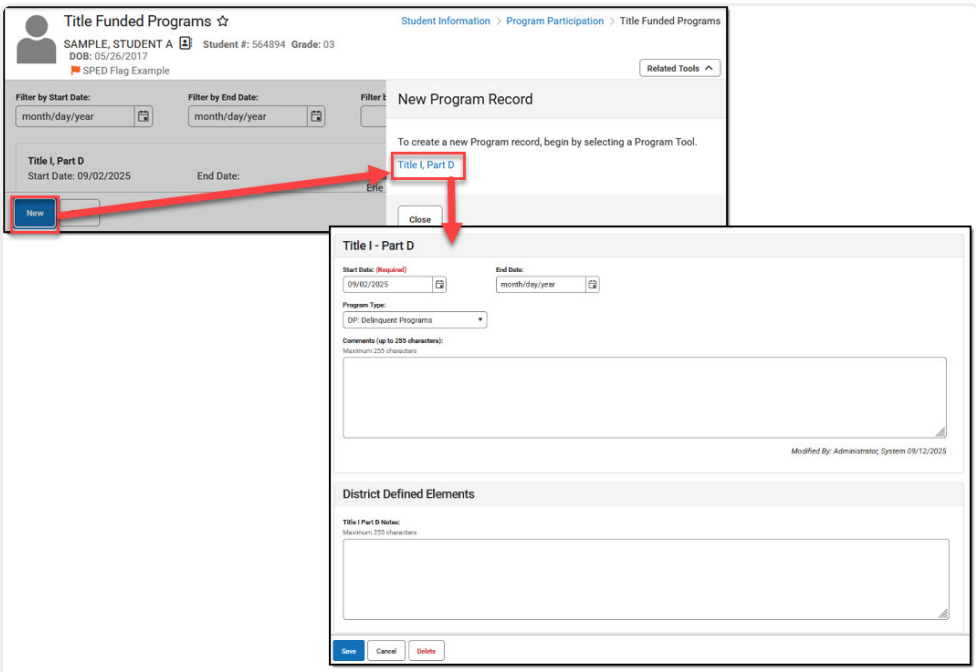

The list of Title Funded Program records can be filtered, selected, and modified by users with applicable tool rights.

1. You will be prompted to **search for a student** when you access the **Title Funded Programs** tool.
2. Select a **Filter** if you wish to display only records for a specific Start Date, End Date, or Program, then **Apply** to update the screen.
3. Select **View** to see details for an existing record.

Enter new program record

Click here to expand...

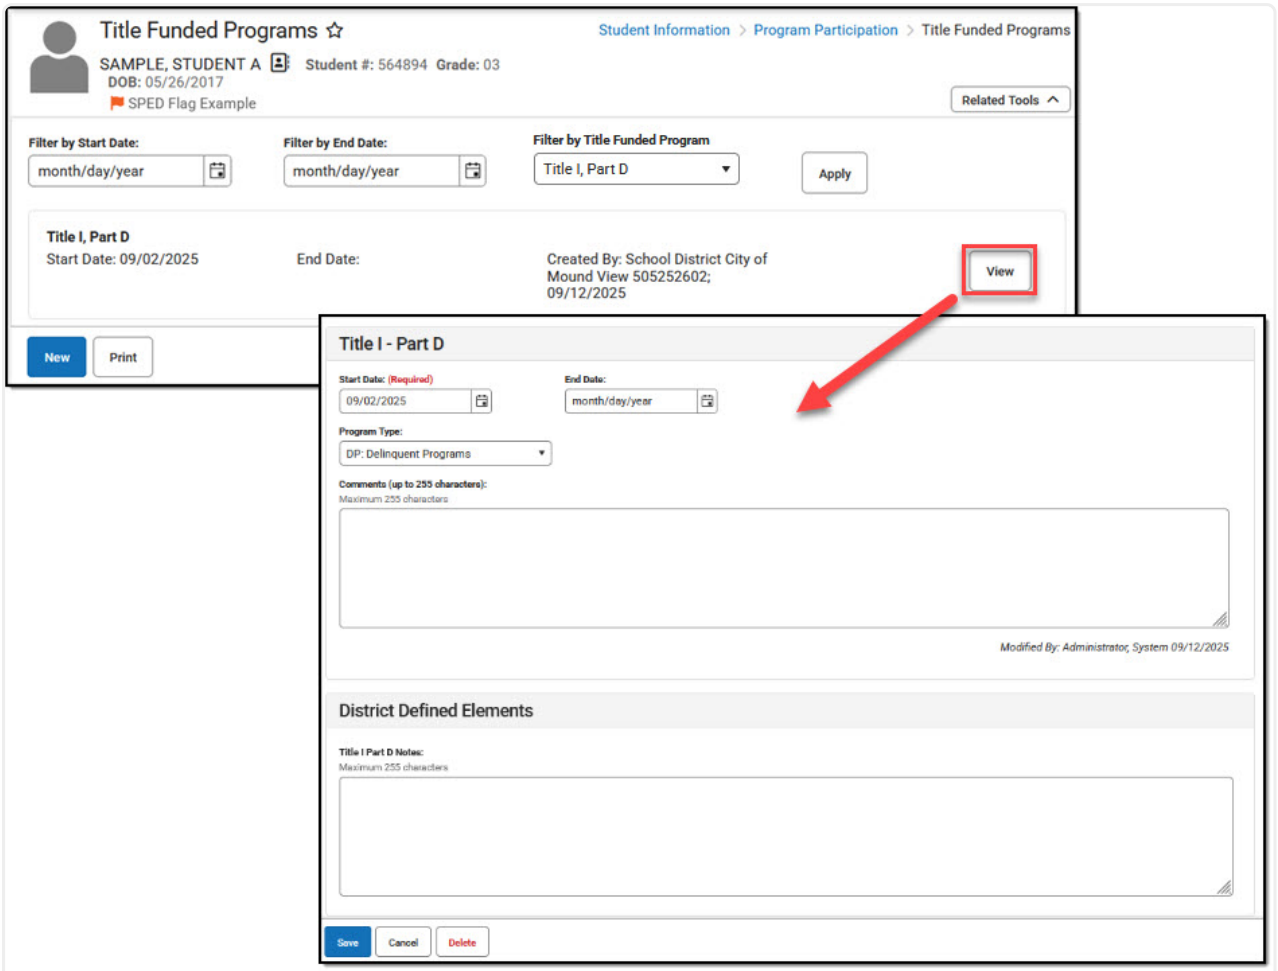

Select New, then choose the appropriate program type to begin entering a new record.

1. Select **New.**
2. Choose the **type of program** you wish to create. The list of programs varies by state.
3. You must enter a **Start Date**. Enter other information as appropriate.

Modify existing record

Click here to expand...

Select View, then modify the record.

1. Select **View** for the record you wish to modify.
2. **Modify** information.
3. Choose an option:
    - **Save** to save changes
    - **Cancel** to exit without saving
    - **Delete** to remove the record.

Print record summary

1. Select **Print**
2. Choose the **program type** to generate a summary report.
3. A PDF summary report generates for the selected program type and student.

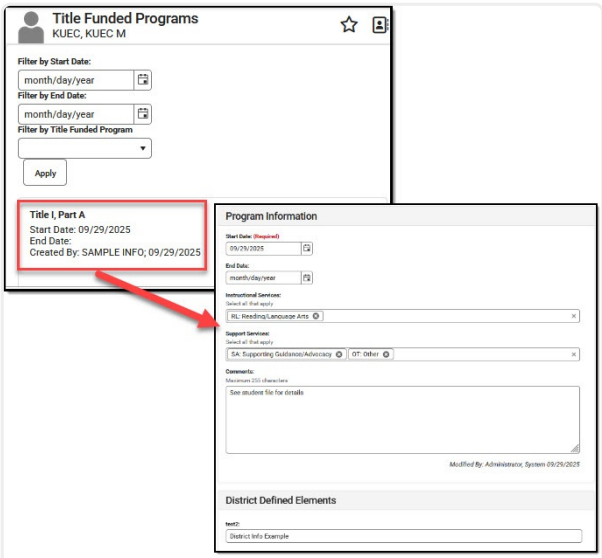

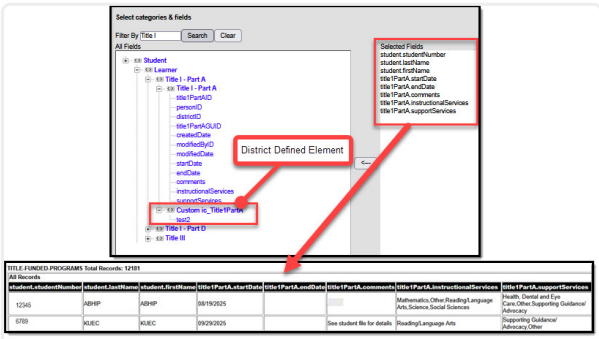

Reference

There are many different types of Federal Education Programs. Consult the ESEA Desktop Reference (FY2021) for a brief description of each type of Federal Education Program (Title 1 - Title VII, IDEA).

District defined elements

Districts may choose to use the **Custom Attribute/Dictionary** to add district defined elements to Title Funded Program editors. These fields display under the **District Defined Elements** header in the tools to which they have been added. District Defined Elements can be selected when building ad hoc filters, where they display directly beneath the core elements for the tool to which they have been added.

See the Custom/Attribute Dictionary article to learn how to add these fields.
