Tool Search: Title Funded Programs

Title Funded Programs is a tool that allows staff to enter information for individual students participating in various programs, such as Title I, Part A, Title I, Part D, and Title III. This article describes the basic functionality of the tool.

The screenshot shows the 'Title Funded Programs' tool interface. At the top, there is a navigation bar with 'Student Information > Program Participation > Title Funded Programs'. Below the navigation, a student profile is displayed: STUDENT, TEST Z, Grade: 02, DOB: 01/01/2016. There are three filter options: 'Filter by Start Date', 'Filter by End Date', and 'Filter by Title Funded Program'. An 'Apply' button is located to the right of the filters. The main content area displays three records:

Program	Start Date	End Date	Created By	Action
Title I, Part A	08/13/2025		MYSCHOOL 22-222; 08/13/2025	View
Title I, Part D	08/14/2025		MYSCHOOL 22-222; 08/13/2025	View
Title III	08/14/2025		MYSCHOOL 22-222; 08/13/2025	View

At the bottom of the tool interface, there are 'New' and 'Print' buttons. Below the tool interface, a footer text reads: 'Title Funded Programs - Individual Student Records'.

There are many different types of Federal Education Programs. Consult the [ESEA Desktop Reference \(FY2021\)](#) for a brief description of each type of Federal Education Program (Title 1 - Title VII, IDEA).

District Defined Elements

Districts may choose to use the **Custom Attribute/Dictionary** to add district defined elements to Title Funded Program editors. These fields display under the **District Defined Elements** header in the tools to which they have been added. District Defined Elements can be selected when building ad hoc filters, where they display directly beneath the core elements for the tool to which they have been added.

See the [Custom/Attribute Dictionary](#) article to learn how to add these fields.
