

FRAM Tools Tool Rights

Last Modified on 10/09/2025 11:36 am CDT

The tools within the FRAM Tools category provide districts a way to manage applications for free and reduced meals.

- The **Eligibility End Date Wizard** allows districts to update Household Application expiration and Eligibility end dates en masse.
- The **Eligibility Import Wizard** uploads and imports data files containing student meal service and socioeconomic eligibility.
- The **Scheduled Imports** automates the process of importing eligibility data from a third-party system.
- The **Scheduled Imports Logs** tool displays the status of each import.

See the following article for information on using these tools:

- [Eligibility End Date Wizard](#)
- [Eligibility Import Wizard](#)
- [Scheduled Imports](#)
- [Scheduled Imports Logs](#)

Eligibility End Date Wizard

Eligibility End Date Wizard ☆
FRAM > Tools > Eligibility End Date Wizard

Please review user documentation prior to using this tool.

Select a Mode: (Required)

Household Applications

This tool will update the Expiration Dates of Household Applications, based on criteria selected, to a future date to correct any 30 day carryover discrepancies along with any associated eligibility end dates where appropriate. Select Test to preview changes before Run Update.

School Year
2025-26

Expiration Date to Change (Required)

month/day/year

New Expiration Date (Required)

month/day/year

Include Detail Report

Sort Details Report by:

Student Name

Report Format

PDF
 CSV

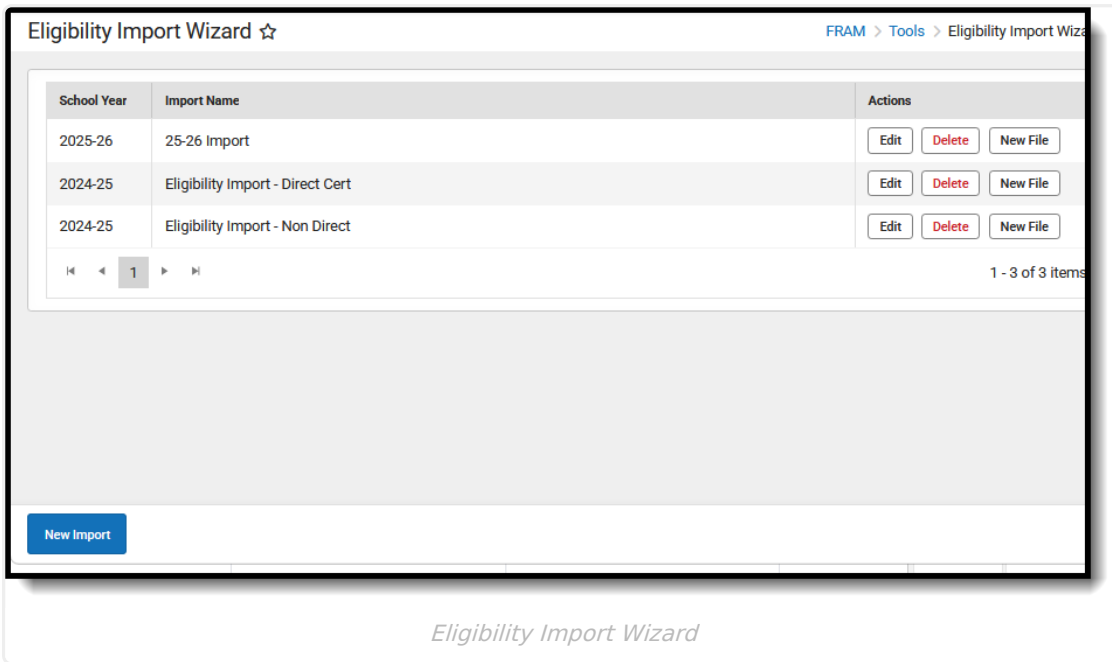

Infinite Campus recommends running a test before completing the update in the database.

<ul style="list-style-type: none"> • Access and view the Eligibility End Date Wizard. • Update student eligibility end dates for household applications and imported and manually-entered eligibility records. 	N/A	N/A	N/A

Eligibility Import Wizard

When rights are assigned to the Eligibility Import Wizard, the subrights for Scheduled Imports and Schedule Import Logs are also assigned, as are rights to the Scheduled Imports and Scheduled Import Logs tools. When removing rights to the Scheduled Imports and Schedule Import Logs, rights are also removed from the subrights.

Subrights and Auto-assignment of Eligibility Import Wizard and Scheduled Imports

Subrights are in *italics*.

R	W	A	D
<ul style="list-style-type: none"> • Access and view the Eligibility Import Wizard. 	<ul style="list-style-type: none"> • Modify existing import mappings. • Create new files for existing import mappings. • View the Eligibility Import Report after import. 	<ul style="list-style-type: none"> • Create a new import. 	<ul style="list-style-type: none"> • Delete import mappings.
<i>Scheduled Imports</i>			
<ul style="list-style-type: none"> • Access and view the Scheduled Imports tool. • Select saved Import to see the Import Details. 	<ul style="list-style-type: none"> • Modify scheduled imports. 	<ul style="list-style-type: none"> • Create a new scheduled import. 	<ul style="list-style-type: none"> • Delete scheduled imports.

R	W	A	D
Scheduled Import Logs			
<ul style="list-style-type: none"> Access and view the Scheduled Import Logs tool. 	N/A	N/A	<ul style="list-style-type: none"> Clear selected log from a scheduled import. Clear ALL logs from the scheduled imports.

Scheduled Imports

The screenshot displays the 'Scheduled Imports' tool interface. At the top, there are 'Save', 'New', and 'Delete' buttons. Below is the 'Data Import Editor' table:

Name	Protocol	Schedule	Time	Active
Direct Cert 1	SFTP	daily	04:30 AM	
Direct Cert 2	SFTP	daily	04:30 PM	
Non Direct 1	SFTP	daily	04:00 AM	
Non Direct 2	SFTP	daily	04:00 PM	

Below the table is the 'Data Import Detail' form with the following fields:

- Active:**
- *Import Name:** Non Direct 1
- *Eligibility Import Mapping:** Eligibility Import - Non Direct
- *User Name:** Robbinsdale
- *Password:** [Masked]
- *Protocol:** SFTP
- *Host:** sftp.titank12.com
- *Port:** 22

Assigning rights to Scheduled Imports also assigns rights to the Eligibility Import Wizard AND to the subrights for Scheduled Imports and Scheduled Imports Logs.

R	W	A	D
<ul style="list-style-type: none"> Access and view the Scheduled Imports tool. Select saved Import to see the Import Details. 	<ul style="list-style-type: none"> Modify scheduled imports. 	<ul style="list-style-type: none"> Create a new scheduled import. 	<ul style="list-style-type: none"> Delete scheduled imports.
Scheduled Import Logs			

R	W	A	D
<ul style="list-style-type: none"> • Access and view the Scheduled Import Logs tool. 	N/A	N/A	<ul style="list-style-type: none"> • Clear selected log from a scheduled import. • Clear ALL logs from the scheduled imports.
