

Programs (Academic Planning) Tool Rights

Last Modified on 08/08/2025 2:04 pm CDT

The Programs tool is used to enter information about a selected student's current Graduation Program and any Academic Programs to which they are assigned.

To learn how to use this tool, see the [Programs \(Academic Planning\)](#) article. See the [Academic and Graduation Programs](#) articles to learn how these types of programs are set up.

Add Certification

Available Tool Rights

RWAD Rights assigned at the module or folder level give those rights to all features within the module. For example, giving RW rights to the Academic Planning folder assigns RW rights to all tools within that folder, including any subrights.

Full access to the Academic Planning toolset requires the following tool rights:

- **RWAD** to Student Information > Academic Planning > Programs > **Academic Programs and/or Graduation Programs**
- **R** to Student Information > Academic Planning > **Progress**
- **RW** to Student Information > Academic Planning > **Course Plan**
