

Programs (Academic Planning) Tool Rights

Last Modified on 12/23/2025 1:30 pm CST

The Programs tool is used to enter information about a selected student's current Graduation Program and any Academic Programs to which they are assigned.

See the [Programs \(Academic Planning\)](#) article to learn how to use this tool.

See the [Academic and Graduation Programs](#) articles to learn how these types of programs are set up.

Available Tool Rights

RWAD Rights assigned at the module or folder level apply to all features within that module. For example, granting RW rights to the Academic Planning folder assigns RW rights to all tools within that folder, including any subfolders and their contents.

Full access to the Academic Planning toolset requires the following tool rights:

- **RWAD** to Student Information > Academic Planning > Programs > **Academic Programs and/or Graduation Programs**
- **R** to Student Information > Academic Planning > **Progress**
- **RW** to Student Information > Academic Planning > **Course Plan**
