Extract Editor Fields

Field	Description
Extract Type	The name of the SIRS extract generated. This would be Student Infraction Response. <i>See the Report Layout section of this article for additional information.</i>
Calendar Selector	Identifies which Calendar(s) are included in the report. Calendars can be sorted by active year, school, or year. The default is the Calendar selected in the Campus Toolbar. At least one Calendar is required to generate the report.
Start Date	The first day on which data is reported.
End Date	The last day on which the data is reported.

Field	Description
Format	The format in which the report generates. Options are State Format (CSV) or HTML.
Ad Hoc Filter	Limits the report results to students included in a pre-saved Ad hoc Filter. The Ad hoc Filter selection becomes available when the Ad Hoc Filter radio button is marked. See the Filter Designer article for additional information.
Column Headers	Allows users to select whether to include or exclude the column headers.
Generate Extract or Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of immediately generating the report by clicking Generate Extract . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
