

Data Certification Event User and Event Statuses (District Edition)

Last Modified on 11/17/2025 12:13 pm CST

This article defines the meaning of each User Status and Event Status found in the Event Management tool.

Data Certification tools are only available for districts connected to a State Edition of Campus that have purchased the [Campus Data Suite](#).

Users Status

User statuses are unique to the user who is logged into Campus and their progress with each event.

Value	Definition	Only Valid with an Event Status of:
Certification Incomplete	User has not completed certification	In Progress
Incomplete - Overdue	User did not complete certification by the due date	In Progress
N/A	User is assigned to the event as a Reviewer.	All
Certification Complete	User has completed their portion of the certification	In Progress, Certification Sent to State
Recertification Request Pending	The user has sent a recertification request to the state	Certification Sent to State
Complete	Certification has been approved by the state	Certification Approved by State

Event Status

Event statuses indicate the current status of each event.

Value	Definition
In Progress	One or more certifiers have not completed certification.
Certification Sent to State	All certifiers have completed certification

Value	Definition
Certification Approved by State	The state has approved certification
Recertification Request Sent	A district/school user has requested recertification
Recertification In Progress	The state has sent the certification back to the district/school to recertify
