Categories (Instruction) - Start here

Last Modified on 07/28/2026 4:02 pm CDT

Categories are groupings of related assignments, used for sorting and grade calculation. Categories must exist before you can create assignments.

Tutorials
• Overview video of creating and using categories

How-to guides
• View the Category List • Create a Category • Delete a Category

Explanation
• See where categories are used in Instruction • Understand district-managed categories • Understand how Drop Lowest Score logic is applied to grade calculation
