

Categories - Start Here

Last Modified on 11/26/2025 1:24 pm CS7

<u>Categories</u> are groupings of related assignments, used for sorting and grade calculation. Categories must exist before you can create assignments.

Tutorials

• Overview video of creating and using categories

How-To Guides

- View the <u>Category List</u>
- Create a Category
- Delete a Category

Explanation

- See where categories are <u>used in Instruction</u>
- Understand <u>district-managed categories</u>
- Understand how <u>Drop Lowest Score logic</u> is applied to grade calculation
