

Technical Information - Release Pack Campus.2539

Last Modified on 10/20/2025 12:49 pm CDT

This article collects the changes made to the database schema as part of the [Campus.2539 release pack](#). Campus provides this information to enable users to update queries and scripts that may be affected by these changes.

By request, we've added a new column to the New Tables and Modified Tables that indicates whether a field can be null.

Data Definition Language Scripts (DDL)

This section lists data structures that were created, altered, or dropped, based on the vocabulary used to define data structures in SQL Server.
