

# Individualized Assignments

Last Modified on 01/30/2026 2:54 pm CST

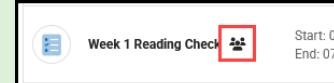

Advanced assignment tools are available as part of the [Campus Learning](#) premium offering and require the *Enhanced Curriculum Editor* tool right. Users without Campus Learning can individualize which students receive an assignment, but a Campus Learning license is required to customize Dates.

**Location:** Click Add or List button in tools throughout Instruction, including Grade Book, Planner > My Planner, Assignment Overview, and Progress Monitor

Individualizing assignments allows teachers to specify which students receive an assignment and each student's Start and End Dates. Assignments can be assigned to select students, as in the case of remedial or advanced work. Start and End Dates can also be individualized to give students the time they need to complete assignments.

Individualize which students should receive an assignment in the **Students** link in the assignment editor. Users with Campus Learning can also customize Start and End Dates.

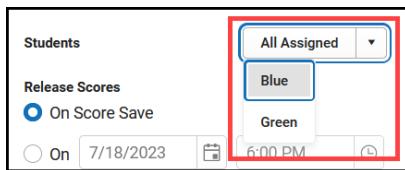

Individualized assignments are indicated with a + or this group icon throughout Campus.

## Options for Individualizing

Assignments can be individualized by student group or for specific students.

### By Student Group

If student groups exist for a section, a dropdown arrow is added to the *All Assigned* button next to **Students** in the Section Settings for an assignment. Click that arrow to give the assignment to only students in that group. All other students are marked as *Exempt* for the assignment.

### By Specific Student

The screenshot shows the 'Section Settings' panel with the 'Visible to Class' toggle switch turned 'ON'. The 'Start Date' is set to 5/3/2023 at 12:00 AM, and the 'End Date' is set to 5/3/2023 at 11:59 PM. In the 'Students' section, a button labeled 'All Assigned' is highlighted with a red box. Below this, the 'Individualize - TKAM Character Essay' panel is open, showing a table of students and their assignment details. The 'Assigned' column contains checkboxes for each student. A red arrow points from the 'All Assigned' button in the top panel to the 'Assigned' column in the table.

Assigned	Student	Standard/Grading Task	Grade	Custom Dates	Start Date	End Date
<input checked="" type="checkbox"/>	Student, Andy	Term Grade	<input checked="" type="checkbox"/>	<input type="checkbox"/>	5/3/2023 12:00 AM	5/5/2023 11:59 PM
<input type="checkbox"/>	Student, Bree	Term Grade	<input type="checkbox"/>	<input type="checkbox"/>	5/3/2023 12:00 AM	5/8/2023 11:59 PM
<input checked="" type="checkbox"/>	Student, Brooke	Term Grade	<input checked="" type="checkbox"/>	<input type="checkbox"/>	05/03/2023 12:00 AM	05/03/2023 11:59 PM
<input checked="" type="checkbox"/>	Student, Carissa	Term Grade	<input type="checkbox"/>	<input checked="" type="checkbox"/>	5/3/2023 12:00 AM	5/5/2023 11:59 PM
<input type="checkbox"/>	Student, Jordan E	Term Grade	<input checked="" type="checkbox"/>	<input type="checkbox"/>	5/3/2023 12:00 AM	5/5/2023 11:59 PM
<input type="checkbox"/>	Student, Kyle M	Term Grade	<input type="checkbox"/>	<input type="checkbox"/>		

Individualize an assignment to specify which students should receive it and the dates for each.

The following assignment details can be individualized. Select a **Student Group** in the dropdown list at the top to filter the list to students in an existing [group](#).

- The **Assigned** checkbox determines which students receive the assignment.
- The **Standard/Grading Task** aligned to the assignment and **Grade** the student received on the assignment are listed. These fields are not editable.
- Mark **Custom Dates** to make the **Start** and **End Dates** fields editable. Modify the Dates for a student as desired, such as to give a student more time to complete an assignment. See the Date Logic section following for more information about how individualized dates behave.

## Individualized Date Logic

- Scores for individualized assignments calculate towards the grade of the term in which the End Date falls. If a student's End Date falls in Term 4 for an assignment from Term 3, the score contributes to the Term 4 grade.
- A student's individualized dates display in Campus Student and Campus Parent and other student-specific areas of Campus.
- The Start and End Dates in the main assignment editor are not affected by individualized dates. [Reports](#), such as the [Section Summary](#) and [Student Summary](#) report the end date entered on the assignment editor, not individualized dates.
- Individualized assignments are indicated in the [Teaching Center](#), with each student's end date listed in the scoring area.

## Quiz Timers and Warnings

If an assignment includes a quiz, additional options display on the *Individualize* screen following the End Date column.

- **Custom Time:** Mark for any students who need an individualized Time Limit. When marked, the Quiz Time field becomes editable.
- **No Limit:** Removes the time limit for that student.
- **Quiz Time:** The number of minutes the student has to complete the quiz.
- **Use Warning Time:** If no Warning Time is in place, mark this checkbox to warn students when the time limit is approaching. If a Warning Time is already in place for the quiz, mark to individualized warning time. When marked, the Custom Warning Time field becomes editable.
- **Custom Warning Time:** The number of minutes before the end of the quiz that the student receives a time warning.

Custom Time	No Limit	Quiz Time	Use Warning Time	Custom Warning Time
<input type="checkbox"/>	<input type="checkbox"/>	15 Minutes	<input type="checkbox"/>	No Limit
<input checked="" type="checkbox"/>	<input type="checkbox"/>	20 Minutes	<input checked="" type="checkbox"/>	5 Minutes
<input type="checkbox"/>	<input checked="" type="checkbox"/>	No Limit	<input type="checkbox"/>	No Limit
<input type="checkbox"/>	<input type="checkbox"/>	15 Minutes	<input checked="" type="checkbox"/>	5 Minutes
<input type="checkbox"/>	<input type="checkbox"/>	15 Minutes	<input type="checkbox"/>	No Limit
<input type="checkbox"/>	<input type="checkbox"/>	15 Minutes	<input type="checkbox"/>	No Limit

*If an assignment has a quiz, additional individualize options display.*
