At Risk for Chronic Absence Collection (Maryland)

Last Modified on 11/12/2026 9:51 am CST

Path: Reporting > MD State Reporting > At Risk for Chronic Absence Collection

The At Risk for Chronic Absence Collection extract enables schools to collect data on students at risk of chronic absence, helping to identify attendance challenges at the earliest possible stage of the academic year. Students who missed 10% or more of school days are included in the count (excused and unexcused absences). The report includes records from the beginning of the school year to the Effective Date.

Refer to the Report and logic layout for more information.

At Risk for Chronic Absence Collection Editor

Report editor fields

Field	Description
Effective Date *(Required)*	The report includes records from the beginning of the school year to the Effective Date. The default value is today's date.

Field	Description
Ad Hoc Filter	Allows for the selection of a previously created filter. Only students included in the selected filter return in the report.
Report Processing	• Generate Now: Select to generate the report immediately. • Submit to Batch: Useful when generating reports for several calendars or larger amounts of reported data. See the Batch Queue article for more information.
Format Type	Indicates how the report generates: • CSV (State Format) • HTML

Generate the extract

1. Enter the **Effective Date.**
2. Select an **Ad Hoc Filter** if desired..
3. Mark **Generate Now** or **Submit to Batch**.
4. Indicate the **Format** in which the report should be generated.
5. Click the **Generate** button to generate the report in the desired format.

Report logic and layout

Refer to At-Risk for Chronic Absence (November 2026) for details on the report logic and layout.
