

Sent Record History (SIF Unity)

Last Modified on 04/06/2026 8:33 am CDT

Tool Search: Sent Record History

The Sent Record History tool allows users to search for and view SIF data sent to the state and filter this data based on a defined date range, SIF object, and other identifiers.

SIF Unity tools are only available for SIF v3.X or higher.

Records are purged every 7 days.

Note: Records in Oklahoma are purged every 14 days.

Record Deleter

Instructions

This tool generates a report to show the SIF Sent Record History. Users are able to view SIF Object-related Sent Record History and can filter by RefIDs or by any combination of available ID options below. When more than one ID is entered, separate the IDs with a comma or space. If multiple filter options are used, only results matching all entered criteria will display in the report. Please note that records older than 7 days are purged.

Report Options

Start Date: (Required)

End Date: (Required)

Select a SIF Object: (Required)

Filter by RefIDs:

Filter by PersonIDs:

Filter by CourseIDs:

Filter by SectionIDs:

Sent Record History

Sent Record History Editor Fields

| Field | Description |
|-----------------------------|--|
| Start Date | The Start Date in the reported date range. |
| End Date | The End Date in the reported date range. |
| Select a SIF Object | The object for which the Sent Record History is being generated. |
| Filter by RefIDs | Allows users to filter the Sent Record History by RefIDs. |
| Filter by PersonIDs | Allows users to filter the Sent Record History by PersonIDs. |
| Filter by CourseIDs | Allows users to filter the Sent Record History by CourseIDs. |
| Filter by SectionIDs | Allows users to filter the Sent Record History by SectionIDs. |
| Generate | Generates the Sent Record History. |
| Refresh | Refreshes the screen. |

Generate the SIF Sent Record History

1. Enter a **Start Date**. This is the first day in the reported date range.
2. Enter an **End Date**. This is the last day in the reported date range.
3. Select the **SIF Object** to view data on.
4. To search for a specific record(s), the following options can be used:

Note: If multiple filter options are used, only results matching all entered criteria will display in the report.

 - **RefID(s)** - Find a specific record(s) based on the refID(s).
 - **PersonID(s)** - Find a specific record(s) based on the PersonID(s).
 - **CourseID(s)** - Find a specific record(s) based on the CourseID(s).
 - **SectionID(s)** - Find a specific record(s) based on the SectionID(s).
5. Generate the Sent Record History.
6. The SIF Sent Record History will display below the Report Options editor in a SIF Sent Record History Summary.

View the SIF Sent Record History Summary

The Sent Record History Summary displays SIF event information for the selected SIF object in the selected date range. If desired, the summary can be exported to an Excel file. Only records matching all entered criteria will display in the summary.
