Tool Search: Migrant

The Migrant tool enables users to capture information for students whose parents or guardians frequently relocate in search of work or improved living conditions. The following information outlines the program fields specific to North Dakota.

North Dakota Migrant records can only be created and edited by **State Edition** users with the necessary tool rights. Once Migrant records have been created, they can be published down to the district level using the **Publish State Migrant Records** button.

At the district level, Migrant records are **Read-Only** and printable for users with proper tool rights.

The screenshot shows the 'Migrant' tool interface for a student named Adam. The top navigation bar includes 'Student Information', 'Program Participation', and 'Migrant'. Below the navigation bar, there are buttons for 'New', 'Save', 'Delete', 'Print', and 'Publish State Migrant Records'. The 'Publish State Migrant Records' button is highlighted with a red box. Below the buttons, there is a table with columns for 'Arrival Date' and 'Expiration Date'. The table contains one row with the values '12/07/2024' and '06/07/2026'. Below the table, there is a 'Student Migrant Detail' section with various fields including 'Last Qualifying Arrival Date', 'Eligibility Expiration Date', 'MSIX ID', 'From State', 'To State', 'Migrant COE Status Indicator', 'Last Qualifying Move Date', and 'Comments (up to 255 characters)'.
