The table below details the recommended resync order for **Georgia** Ed-Fi resources. For additional information, refer to the core [Resync \(Ed-Fi\)](#) article.

Resyncing generates a large volume of items in the Event Queue. It is recommended to plan a resync for an off-peak time period and resync in groups of calendars rather than all calendars.

Larger districts may observe performance issues if “All Schools” is selected on a resync.
