Service Type Codes

Bilingual Service Type codes indicate whether the student is participating in a state-approved bilingual education program, which is a full-time program of dual-language instruction through the TEKS in the content areas (mathematics, science, health, and social studies) in the primary language of Limited English Proficient (LEP) students and also for carefully structured and sequenced mastery of English cognitive academic language development.

ESL Service Type codes indicate whether the student is participating in a state-approved English as a Second Language (ESL) program. An ESL program in grades PK-8 is a program of intensive instruction in English, taught by teachers who are either certified or endorsed in ESL, utilizing second language acquisition information to teach LEP students the ESL TEKS. An ESL program in grades 9-12 is a program of intensive instruction in English, led by teachers trained in recognizing and addressing language differences.

Bilingual/ESL Summer School codes indicate whether the student participated in the Bilingual/ESL Summer School program. To be eligible for enrollment in the Bilingual/ESL Summer Program, a student must be Limited English Proficient (LEP) and must be eligible for admission to kindergarten or first grade at the beginning of the next school year. LEP shall be determined by screening students using oral proficiency instruments approved by the Commissioner of Education.

Parental Permission Codes
