Tool Search: Gifted

The Gifted tool tracks a student's participation in Gifted and Talented programming through enrichment, acceleration, and/or advanced curriculum. Schools can record a student's participation, which may include a specific type of program, location, or focus, and note permission to participate.

Fields available in the Gifted tool specific to **North Dakota** are described below. Please see the core [Gifted and Talented](#) article for more information.

The screenshot displays the 'Gifted Editor' interface for North Dakota. At the top, there's a header with the student's name 'Student, Harper', grade '08', and date of birth '01/01/2014'. Below this, there are buttons for 'New', 'Save', 'Delete', and 'Print Summary Report'. The main area is divided into two sections: 'Gifted Editor' and 'Gifted Detail'. The 'Gifted Editor' section contains a table with columns for 'Start Date', 'End Date', and 'Created By'. The 'Gifted Detail' section includes fields for 'Start Date', 'End Date', 'Initial Identified Date', 'Comments (up to 255 characters)', 'Exit Reason', 'Subject Area Acceleration', and 'Grade Level Acceleration'.
