Technical Information

See the Technical Information - Release Pack Campus.2603 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2603) article for a list of schema changes in this release.

Activity Registration

Stores & Activities .2603 Maintenance (SIS-195153)

The following updates have been made to the Activity Registration (https://kb.infinitecampus.com/help/view-activity-history) and School Store (https://kb.infinitecampus.com/help/school-store) tools:

- Resolved an issue where parents could not fill out optional forms.
- Added a purchase price limit to items in the Activity Builder.
- Resolved issues when selecting columns in the Pick List and Sales reports.
- Resolved a field alignment issue in the Activity Builder.

Path: N/A

Calendar

Performance Optimization When Saving Calendars (SIS-194709)

The process for saving calendars (https://kb.infinitecampus.com/help/c474f4b) has been optimized to only reload the ID cache when relevant calendar fields have been modified, rather than reloading for any change to a calendar.

Path: Scheduling & Courses > Calendar Setup

Campus Learning

Progress Monitor - Filters in Scoring Screen (SIS-191099)

Previously, the Filters button on the Scoring screen accessed from Progress Monitor (https://kb.infinitecampus.com/help/progress-monitor) was not functioning properly. This issue has been corrected.

Path: Instruction > Grades > Progress Monitor > Score > click Filter button

Moved Curriculum Metadata from Details Tab to Curriculum Editor (SIS-193515) **[Enhancement]**

Curriculum metadata has been relocated from the Details tab to the main Curriculum editor (https://kb.infinitecampus.com/help/assignments-resources) in a collapsible "About" section. This change consolidates curriculum information and makes the metadata easier to find and use. Curriculum metadata is primarily used when searching for curriculum in the Curriculum Library.

Path: Instruction > Curriculum > Curriculum List > open an assignment > About

Classroom Integrations

Google Drive Integration - Support New Permission Enforcement (SIS-194713) **[Enhancement]**

Google Drive is updating its permission enforcement - users will no longer be able to have less than full edit rights to a file that is in a folder that they own. This update ensures that file permissions are properly managed when transferring ownership between teachers and students, preventing potential access issues.

Note: Districts who use the Google Drive Integration must take this release to keep using the integration. See the Google Drive Permissions Change (https://kb.infinitecampus.com/help/google-drive-integration-permissions-change) article for more information.

Path: Instruction > Curriculum > Curriculum List > open a Google Drive assignment > open the file submission

LTI 1.1 End of Support - Warning Message (SIS-194943) **[Enhancement]**

A warning message has been added to the product regarding the upcoming discontinuation of support for LTI 1.1. The message informs users that Infinite Campus will stop supporting LTI 1.1 in December 2026 and encourages districts to transition to LTI 1.3. Users are advised to work with their vendor applications to remove existing LTI 1.1 connections and create new LTI 1.3 connections.

Path: Instruction > Settings > Digital Learning Applications Configuration

Google Drive Integration No Longer Requests YouTube Access (SIS-195067)

The Google Drive integration has been updated to remove the request for access to users' YouTube accounts. This permission is no longer needed to use the Google Drive integration.

Path: Instruction > Settings > Google Drive

Data Certifications

Data Certification Updates (SIS-191848) **[Enhancement]**

The following updates were made to Data Certification tooling:

- Data Validation Groups containing ad hoc filters are no longer available for use by Data Certification tools.
- A warning banner was added to inform certifiers when an event is not yet open for certification.
- A warning banner was added to inform certifiers when they have missed the certification date for an event, and inform them that they must request recertification to request an extension from the state.
- Once a user completes certification, the final Review Data workflow screen will no longer have a Submit Certification to State button as the user has already submitted their certification.
- Reviewers' Certified Status now shows as N/A instead of No for an event.
- Once a user has completed recertification of an event, their users status will now accurately show as ‘Certification Complete’
- For events with a Certification Level = School, the View Included Districts button will now show as View Included Schools and display each school name and associated district.
- Users were unable to add members to a category more than once, preventing a single person from being assigned to two or more schools. This issue was corrected.
- The Level filter on the Certification Category screen was not filtering properly. This issue was corrected.

Path: Reporting > Data Certification

Data Certification State-Level Snapshot Reports Appearing in District Batch Queue (SIS-195504)

When a Data Certification snapshot is run at the state level, the report incorrectly appears in the Batch Queue Admin for all connected districts. This issue was corrected.

Path: Reporting > Data Certification

Data Change Tracker

Data Change Tracker (DCT) Accuracy Improvement (SIS-195529)

The Data Change Tracker (DCT) has been updated to correct the rare occurrence of incorrectly attributing changes to quartz jobs.

Path: Data Change Tracker

Data Utilities

Programs: Combine Person Tool Now Updates District Residency (SIS-193589)

The Combine Person Tool has been updated to correctly modify the District Residency information when combining student records. This resolves an issue where the tool was either freezing or returning an error when records were being combined.

Path: System Settings > Data Utilities > Combine Person

Dependent Care

Dependent Care Updates (SIS-194799) **[Enhancement]**

The following updates have been made to Dependent Care:

- The Student Records tool has moved to the Administration tool. Users with access to Student Records and Site Attendance in the Site Staff tool will have the same level of access to data and functionality. The Site Staff tool has been removed.
- A collapsible view for student Sessions has been added to the Student Records tool.
- Student Records now include a collapsible Account Balance view. This shows the current invoice balance and itemized invoice details.

Path: Dependent Care

DIS/SIF

SIF Unity – New State ID Report and Message History Update (SIS-193016) **[Enhancement]**

A new State ID Report has been added to the Message History tool (https://kb.infinitecampus.com/help/sif-unity-message-history) to identify new state ID records.

The Message History report has been updated to include a Message History Summary and a Message History Detail.

Path: System Settings > SIF Unity > Configuration > Message History

SIF Unity – Person Data Tool Rights Update (SIS-194737)

The tool rights for the SIF Person Data tool (https://kb.infinitecampus.com/help/sif-unity-person-object-viewer) have been updated to allow users with read-only tool rights to use the tool.

Path: Census > People > SIF Person Data

Ed-Fi

Ed-Fi - Invalid Descriptor Removed from Grading Period Descriptor List (SIS-188923)

The "Invalid Descriptor undefined" value has been removed from the School-level Grading Period Descriptor dropdown in the Grading Periods Resource Preferences (https://kb.infinitecampus.com/help/ed-fi-v31---grading-periods-resource-preferences) for all Ed-Fi profiles utilizing the Grading Periods resource.

Path: Reporting > Ed-Fi > Configuration > Resource Preferences

Ed-Fi Delete Tool Update (SIS-190998) **[Enhancement]**

The Ed-Fi Delete Tool (https://kb.infinitecampus.com/help/delete-tool-ed-fi) has been converted to Angular, improving its performance and user interface. This update enhances the tool's functionality and provides a more modern user experience.

Path: Reporting > Ed-Fi > Delete Tool

Ed-Fi - Conflict Error Handling Update (SIS-195161)

Logic for the Student School Associations and Staff Education Organization Assignment Associations resources has been updated to handle an additional conflict error (409).

Path: Reporting > Ed-Fi

Food Service

Display Alert for Previously Served Reimbursable Meals (SIS-166754) **[Enhancement]**

Added an alert message (https://kb.infinitecampus.com/help/terminal-installation-and-configuration) to display when a student is selected who has already been served a reimbursable meal during the current serving period.

Path: Point of Sale

Point of Sale Buttons (SIS-189920)

Resolved an issue where the terminal (https://kb.infinitecampus.com/help/terminal-installation-and-configuration) cash and check buttons were disabled if opened and closed without entering payments.

Path: Point of Sale

Account Journal Purchasable Items (SIS-193959)

Resolved an issue in Account Journal (https://kb.infinitecampus.com/help/account-journal) where transactions would have a null amount and students would not be charged when creating a transaction for a purchasable item whose pricing information was created before the transaction date.

Path: Food Service > Information > Account Journal

Account Journal Prices for SES Eligibility (SIS-194820)

Resolved an issue in Account Journal (https://kb.infinitecampus.com/help/account-journal) where manually entered transactions for students with free or reduced SES eligibility were being incorrectly charged at the free or reduced price instead of the full paid price.

Path: Food Service > Information > Account Journal

POS Version Update 3.3.3 (SIS-195430) **[Enhancement]**

The following updates have been made to the Point of Sale (https://kb.infinitecampus.com/help/point-of-sale-pos) tool:

- Resolved an issue where the terminal cash and check buttons were disabled if opened and closed without entering payments.
- Added an alert message when selecting a student who has already been served a reimbursable meal.

Path: Point of Sale

Forms

Custom Forms Push Down Error Fix (SIS-193735)

An issue was fixed when states pushed down a versioned Custom Form with a missing column, and that form was saved at the district and synced back to the state.

Path: Student Information > General > Forms

Custom Forms eSignature State Sync Update (SIS-195327)

State-published Custom Forms with eSignatures now sync to the state after a district has saved and locked the form.

Path: Student Information > General Student Administration > Custom Form Setup

Health

CDC Vaccine Code Mapping Updates (SIS-189627)

Several vaccine mappings were added for vaccines students can receive outside of the USA. See the Vaccine Mappings article for additional information:

- 191: MenACWY
- 192: MenACWY
- 193: Hep A, Hep B
- 198: DTaP-DTP, Hep B, HIb

Learner Planning

Special Ed Caseload Display Fix (SIS-195157)

An issue was fixed where the incorrect person was displaying as a student's service provider on the Special Ed Caseload. This occurred when a Service record did not have a Start and/or End Date. When the Service record does not have a Start and/or End Date, the Caseload looks to the Plan's Start and End Dates to determine the service provider display.

Path: Student Information > Special Ed > Special Ed Caseload

Messenger

Improved Messenger 2.0 Processing Display and Step 3 Workflow (SIS-192770) **[Enhancement]**

The Messenger 2.0 processing and sending workflow has been updated to provide a more streamlined experience when sending messages. Users will now be redirected to the Messenger 2.0 (https://kb.infinitecampus.com/help/send-a-general-message-messenger-20) home page after initiating a message send, rather than waiting on Step 3. The message status will be visible under the 'In Progress' tab of the Upcoming Messages (https://kb.infinitecampus.com/help/upcoming-messages) card, displaying as 'Processing' and then 'Sending' as it progresses. If a message fails during processing, it will be marked as 'Failed' with error details available via the 'View Details' button.

Path: Communication > Messenger > Messenger 2.0

Messenger 2.0 Voice Messages with Delayed Scheduling (SIS-194615)

Resolved an issue where voice messages (https://kb.infinitecampus.com/help/send-a-general-message-messenger-20) scheduled more than 20 minutes after the email portion of a combined message would not play the attached audio file.

Path: Communication > Messenger > Messenger 2.0

Online Payments

Failed Refunds in Payrix (SIS-179003)

Added handling for failed refunds for Payrix payment processing, allowing them to be reported in the Payments Reporter (https://kb.infinitecampus.com/help/payments-reporter-doc).

Path: System Settings > Payments > Payments Reporter

eCheck Payment Methods Displaying (SIS-190113)

An issue was resolved in which checking and savings accounts were still appearing as a payment type (https://kb.infinitecampus.com/help/payments-setup) when the eChecks setting was turned off.

Path: System Settings > Payments > Payments Setup

Payments Setup Label for Payrix Bank Accounts (SIS-194692)

An issue has been resolved where a label was unintentionally appearing on primary bank accounts in Payments Setup (https://kb.infinitecampus.com/help/payments-setup) for districts using Payrix.

Path: System Settings > Payments > Payments Setup

Program Participation

Career Tech Education Program Tool Rights Issue (SIS-194203)

An issue was identified where users without the Student Information System (SIS) Product Security Role were unable to run Ad hoc reports with Career and Technical Education (CTE) fields, even if they had the appropriate Career and Technical Education Tool Rights. This has been corrected to allow users with the proper CTE Tool Rights to run these reports without requiring the full SIS role.

Path: None

Title III Enhancements (SIS-194674)

This update adds new read-only Census Information fields for Title III program management in Oklahoma. The Census Information view now displays the following read-only information:

- Date Entered US
- Date Entered US School
- Date Entered State School
- Birth Country

Home Primary Language

Path: Student Information > Program Participation > Title Funded Programs > Title III

Program Status Default Value Not Applied (SIS-194766)

An issue was identified and corrected in which the default value set for the Program Status attribute in the Core Attribute/Dictionary was not being applied to records in State Programs. This impacted the following programs in the states indicated:

- At Risk -KS, NC
- Alt Program - GA, IN, MN, MI, NC, NJ, ND, OK
- Career Readiness - NV, HI, KY
- Home School - ND
- Pregnant and Parenting - DE, NC, OR, ND
- Dual Language Immersion - DE, OK, TX, NC
- On Track - KS, MO, OR

Path: System Settings > Custom Data and Links > Core Attribute/Dictionary

DIS Syncing Issue with Programs Using School Year (SIS-195069)

A syncing issue related to changing a record's DIS Scope Year was identified that affected some programs that use the 'School Year' field. The issue has been resolved so that student program

records sync to the State regardless of the Start/End Date values and/or the user selected 'School Year.'

Path: Student Information > Program Participation

Records Transfer

Add Student Records Transfer Tool Rights for Omitted Federal/State Programs (SIS-195149)

Omitted Student Records Transfer tool rights have been added for various federal and state programs across multiple states. Programs include:

Federal Programs: FERPA, Career Readiness, Gifted, Homeless Service, Migrant, Section 504, and Title 6
State Programs: 21st CCLC, Alternative Education, Crisis Event, CTE Participant, Funded Program, Dual Language Immersion, Dropout, Instruction Mode, and Pregnant & Parenting
This impacts states that use State Edition (Delaware, Kentucky, Montana, North Carolina, Nevada, and South Dakota).

Path: System Settings > Data Interchange Admin > Student Records Transfer

Scheduling

Scheduling Board - NEW Semester-Based Scheduling Functionality (SIS-162897) **[Enhancement]**

The Scheduling Board (https://kb.infinitecampus.com/help/scheduling-board-new) has been enhanced to support semester-based scheduling, allowing for more flexible term and semester functionality. Schools can now:

- Use the Scheduling Board separately for each semester.
- Level courses and create student schedules for individual semesters.
- Adjust schedules between semesters based on student progress.

This improvement is particularly beneficial for schools with semester-long courses and significant student movement between semesters.

Path: Scheduling & Courses > Scheduling > Scheduling Board

New Interface for Course Sections, Section Roster (SIS-182636) **[Enhancement]**

Course Sections (https://kb.infinitecampus.com/help/course-sections) and Section Rosters (https://kb.infinitecampus.com/help/roster-section) have a new user interface to meet new technology standards and improve the overall look and feel of the Scheduling & Courses toolset.

Course Sections

- Scan the list of sections quickly to see assigned teachers, rooms, assigned term and period, total seats taken, and the assigned scheduling group.

- Edit details about an existing course section (with additional tool rights) and existing Responsive Scheduling sections.
- View the teacher's grade book and the teacher's seating charts (with additional tool rights).
- Add new sections for the selected course.

Section Rosters

- See active students, incoming students, and dropped students more easily. Flags, Health flags, IEP and PLP documents, and other documents are more visibly appealing, and easier to review.
- Additional student details - contact information, student identifiers, and the student's schedule for the day - can be viewed in the side panel that displays (with appropriate tool rights) when selecting the student.
- Staff can print the Section Roster, as well as edit the roster (with appropriate tool rights) through the Requests & Rosters tool.

Path: Scheduling & Courses > Courses > Course Sections; Section Roster

Walk-In Scheduler - Load Button Not Loading Requests (SIS-193694)

When attempting to load unscheduled requests (https://kb.infinitecampus.com/help/walk-in-scheduler) that displayed in the Unscheduled Requests, an error was returned and the requests would not load. This has been corrected.

Path: Student Information > General > Schedule > Walk-In Scheduler

SCED Highest and Lowest Fields Missing on Courses (SIS-193760)

The SCED Highest and Lowest fields (https://kb.infinitecampus.com/help/course-information1) were not displaying properly on course records. This has been corrected.
