

# Program Participation Tools Tool Rights

Last Modified on 04/21/2026 2:35 pm CDT

Campus provides tools that customers can use to view, enter, track and report data related to students participating in various programs. Fields, field titles, and available tools vary by state. You may see tools mentioned in this article that your state does not use.

Most of these tools use standard **R/W/A/D** rights, but a few have **Subrights** as outlined in this article.

Follow local state practices when entering program information for students.

Follow the article links in the tables below to learn how to use individual Program Participation-related tools.

The image shows two screenshots of the FERPA program information form. The top screenshot shows the 'View' button highlighted with a red box. A red arrow points from this button to the 'Program Information' section of the bottom screenshot. The bottom screenshot shows the 'Program Information' section with fields for Start Date (05/10/2024), End Date (month/day/year), School Year (23-24), and Changes Made By (02: Parent/Guardian Request). It also includes a 'Data Opt Out' section with checkboxes for Address, Name, Phone, and Photo. Two questions are present: 'Question 1: Do you grant permission to allow directory information to be shared for non-commercial purposes?' and 'Question 2: Do you grant permission for your student's contact information to be provided to the US Military for the sole purpose of informing students of potential career opportunities?'. Both questions have a dropdown menu with 'NO: No, I do not give my permission for my student's information to be shared with the US Military.' selected. A 'Comments' section with a text area and a 'Modified By: Administrator, Demo 06/20/2024' timestamp is also visible. At the bottom are 'Save', 'Cancel', and 'Delete' buttons.
