Classroom Monitor - Start here

Last Modified on 07/28/2026 4:52 pm CDT

The Classroom Monitor shows which teachers have recorded attendance for a course section during the appropriate period. In addition, the Classroom Monitor allows the attendance clerk to rapidly enter attendance for teachers or substitute teachers if they are provided a roster or other list of students in that section.

Tutorials

- Classroom Monitor Video

How-to guides

- Record attendance using the Classroom Monitor
- Record attendance for virtual students

Explanation

- Modify attendance after a closed date when using school months
