Positive Attendance Import Wizard - Start here

Last Modified on 07/28/2026 4:50 pm CDT

The Positive Attendance Import Wizard imports records from a separate Learning Management System (LMS) or another external source (e.g., an Excel file). This wizard can be used daily, weekly, monthly, or even on an irregular schedule.

How-to guides
• Create a new import • Map import data columns to database files • Map imported fields • Set the mapping location • Import data
