Homeless Services - Start here

Last Modified on 07/28/2026 4:25 pm CDT

The Homeless Services tool gives districts the ability to create Homeless Services records that are not tied to a student's enrollment records. Access to this tool can be limited to those who should have rights to see it.

See the Program Services (Homeless Services) article if you are a customer who uses the Program Services tool to enter Homeless Services or other program services.

How-to guides
• Enter/Modify Homeless Services Records • Print Homeless Services Summary Report

Explanation
• Custom Fields • Homeless Editor Fields • Links to State-Specific Information • Homeless Services Tool Rights
