

User Account Letter Designer - Start Here

Last Modified on 06/16/2026 9:38 am CDT

The [User Account Letter Designer](#) allows you to create custom letters using a WYSIWYG editor. Letter formats created within the Account Letter Designer can be used by the [Account Letter Builder](#) to print and send Campus Portal and user account information, including username, and Portal account activation URLs.

How-To Guides

- [Create a new letter format | Video](#)
- [Preferred language setup](#)
