Data Access Rights - Start here

Last Modified on 07/28/2026 3:28 pm CDT

Data Access Rights allow users to specify how certain data objects may be exchanged for each agent in a zone.

Getting started
• Understand Data Access Rights

How-to guides
• Set up Data Access Rights • Assign Campus Agent Data Access Rights • Assign SIF Agent Data Access Rights

Reference
• Campus Agent Data Exchange Actions • SIF Agent Data Exchange Actions • Data Access Tool Rights • Unauthorized SIF Agents
