Google Drive - Start here

Last Modified on 10/28/2026 4:41 pm CDT

This tool is available with Campus Learning Suite.

Integrating Campus with Google Drive allows teachers and students to use Google Drive files in the classroom. Google Drive Configuration and Preferences are managed at the school level.

Note: Connections to Google Classroom are entirely separate from Google Drive and are managed in the Digital Learning Applications Configuration tool.

Getting started
• High-level overview of a Google Drive integration.

How-to guides
• Configure Google Drive connections for a district. • Enable Google Drive Preferences | Video for staff and students by school.
