General Product - Start here

Last Modified on 10/30/2026 10:41 am CDT

School Store tools are available with Campus Payments.

The General Product allows you to set up products and services for the School Store and associate them with categories.

Getting started

- School Store Ideas Video
- School Store Setup Checklist
- Public Store Setup Checklist

How-to guides

- Create a product
- Create product options (e.g., size, color)
- Set product availability
  - Create an Ad hoc filter to limit recipients

Tutorials
