Transcript Post Wizard - Start here

Last Modified on 11/11/2026 9:07 am CST

The Transcript Post Wizard allows users to locate student scores at the end of a course — a semester grade, for example — and post them en masse to their transcripts. See the Transcript resources for information about adding/modifying individual student transcript records.

Getting started
• Checklist before transcript post   ◦ Users should verify that the proper setup has been completed for the grading tasks, standards, courses, and sections.

How-to guides
• Post Transcripts I Video
