Ed-Fi Data Comparison - Start here

Last Modified on 07/28/2026 3:32 pm CDT

The Ed-Fi Data Comparison (Reconciliation) tool compares state Ed-Fi data against data existing within the Campus database. Users can identify errors and gaps in data existing at the state and Campus level and correct this data to improve data quality and ensure proper state reporting and funding.

How-to guides

- Create a New Mapping for Data Reconciliation
- Review Ed-Fi Data Using an Existing Mapping
- Edit and Delete Ed-Fi Mappings
