Progress Monitor - Start here

Last Modified on 07/28/2026 4:05 pm CDT

The Progress Monitor provides another way, in addition to the Grade Book, to view student's grades and scores and manage curriculum. Both standards and grading tasks display in the Progress Monitor, which provides a view of Posted or In-Progress Grades/Proficiency Estimates at a glance and helps teachers to easily manage assignments across all alignments in a section.

Getting started

- Progress Monitor overview video

How-to guides

Progress Monitor tools

- Standards Portfolio | Video | Simulation
- Use Filters and Settings | Video
- Grading Setup
  - Categories | Video
  - Curriculum Copier | Video
  - Grade Calc Options | Video
