Responsive Scheduling (Instruction) - Start here

Last Modified on 07/28/2026 4:04 pm CDT

Responsive Scheduling enables teachers to create course offerings for a responsive day session, view other teachers' offerings for the same day that may include their students, and request student attendance in their own offerings.

Tutorial

- Manage Personal Responsive Schedule Offerings Video
- Enter Student Requests for Other Teachers' Responsive Scheduling Offerings Video

How-to guides

- Create a Responsive Day Offering
- Copy a Responsive Day Offering
- Manage Available Offerings
- Manage Other Teachers' Available Offerings
