Records Transfer - Start here

Last Modified on 07/28/2026 4:24 pm CDT

The Records Transfer tool is one component of the District to District student records transfer process provided within Infinite Campus. This process provides a method to electronically share data between two districts with a common entity, such as state, region or governmental body.

How-to guides
• Initiate New Transfer Request (State or National)

Reference
• Student Records Transfer Process

Administrator Setup

- Records Transfer Tool Rights
