

# Ed-Fi Resync Tool - Start here

Last Modified on 05/06/2026 7:41 am CDT

Tool Search: Resync

The [Ed-Fi Resync tool](#) allows users to manually resync data from Campus to the [Ed-Fi](#) system. Although Ed-Fi data is sent from Campus to Ed-Fi in real-time (transaction-based), instances where the connection is lost, records appear not to have been sent, or other various instances may require you to manually request a resync of specific data.

## How-To Guides
