Release Pack Campus.2619 - May 2026

Last Modified on 08/04/2026 11:41 am CDT

This release includes upgrades to printed reports as part of our ongoing FOP project. Rather than listing updated reports for individual cases, a list of all updated reports can be found in the PDF and DOCX Report Updates (https://kb.infinitecampus.com/help/pdf-and-docx-report-updates-2026) article.

Release notes allow relevant personnel to review enhancements, modifications, and regulated changes prior to accepting an update. It is advised that users review the release notes carefully and alert appropriate district staff to changes in Campus.

The Release Information (https://kb.infinitecampus.com/help/release-information) article lists the approximate release date of all Campus releases. See the Rx Pack - Campus.2619 (https://kb.infinitecampus.com/help/rx-pack-campus2619) article for a list of Rx releases to the Campus.2619 release pack. Questions or concerns regarding an update should be directed to Campus Support. Technical Information

See the Technical Information - Release Pack Campus.2619 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2619) article for a list of schema changes in this release.

Academic Planning

Course Plan Template - Prerequisite Courses Showing Alert Even When Criteria Is Met (SIS-194715)

An issue was identified in which courses with a Prerequisite planning rule displayed with an alert in

the Course Plan Template even when the prerequisite was met. This has been corrected.

Path: Student Information > Program Administration > Academic and Graduation Programs > Course Plan Template

Course Plan Template - Child Courses Being Flagged as Invalid Between Calendars (SIS-194029)

Child courses were being indicated to be invalid when switching calendars within the course plan template. This has been corrected.

Path: Student Information > Program Administration > Academic and Graduation Programs

Activity Registration

Notifications for Waitlist (SIS-197630)

Resolved an issue where notifications from the Waitlist (https://kb.infinitecampus.com/help/manage-activity-waitlists) did not send due to having too many characters. Waitlist notifications now have a character limit and existing notifications over the new character limit will be shortened. Please review your notifications and revise them as necessary.

Ad hoc Reporting

Pass-Through SQL Query Errors from State to District (SIS-197956)

When a pass-through query was created and published by the State to District Editions, it would hang in pending status and time out. This issue has been resolved. Pass-through SQL queries (https://kb.infinitecampus.com/help/pass-through-sql-query) pushed down to District Editions are now published as expected, without errors or timeouts.

Campus Document Repository Services

Campus Digital Repository FAQ and Terms of Service URL Updates (SIS-186802)

The URLs of the Campus Digital Repository FAQ and Terms of Service have been updated to their new locations.

Path: System Settings > Digital Repository > Digital Repository Preferences > View Terms, Change CRD Hosting > FAQ

Campus Instruction

Deleting Assignments with Student Work and/or Scores (SIS-47334) **[Enhancement]**

Assignments (https://kb.infinitecampus.com/help/assignments-resources) can now be deleted even if they have student work submitted and/or have been scored. If the assignment has student work associated with it, a confirmation pop-up displays when a user attempts to delete the assignment, stating that once the assignment is deleted, it cannot be recovered. The user must mark the "I understand and wish to continue" checkbox to delete the assignment.

Path: Instruction > Curriculum > Curriculum > open an assignment > Delete

Instruction - Accessibility Updates (SIS-195848) **[Enhancement]**

Additional accessibility updates have been made to Instruction tools, including screen reader behavior and keyboard navigation.

Path: Instruction

Grade Book Column Headers (SIS-197404)

Previously, the column headers in the Grade Book (https://kb.infinitecampus.com/help/grade-book-articles) would disappear for some users when switching between Tasks. This has been corrected.

Path: Instruction > Grades > Grade Book

Seating Charts Redesigned - Limited Release (SIS-197759) **[Enhancement]**

The Seating Charts (https://kb.infinitecampus.com/help/create-seating-charts-new-limited-release) tool has been redesigned to improve the usability, flexibility, and accessibility of the tool. Improvements include:

- Greater flexibility in seat placement to more closely mirror non-traditional classroom layouts and larger seating arrangements.
- Option to copy a seating chart between sections and years, allowing teachers to reuse a classroom setup rather than recreating it every term.
- Enhanced keyboard navigation.

To avoid disruption at a time when many school years are ending, **this update is not being automatically enabled on customer sites**. If a district is interested in this new functionality for training and planning purposes, they can submit a request with Campus Support to have the new functionality enabled. Note: the change will apply to the entire district and once new Seating Charts are enabled, a district cannot go back to the previous Seating Charts tool.

These changes will be released to all customers this summer, targeting the Campus.2627 release at the end of June.

Instruction Reports - Filter by Student Group (SIS-198379)

Previously, when a teacher generated an Instruction report (https://kb.infinitecampus.com/help/instruction-reports) and selected the Filter by Student Group option, the first student in the group disappeared from the student list. This has been corrected.

Path: Instruction > Reports

Campus Learning

New Quiz Setting - Require Responses (SIS-197455) **[Enhancement]**

Previously, students had to answer each question in a quiz before they could submit it. A new option has been added to Quiz Settings (https://kb.infinitecampus.com/help/create-quizzes#settings) that allows teachers to control whether students can submit incomplete quizzes. The option is called "Require responses before submitting." If the teacher leaves the checkbox marked, students must answer all questions before submitting. If the checkbox is not marked, students can submit the quiz even if they haven't answered some or all questions.

Path: Instruction > Curriculum > Curriculum > open a quiz assignment > Edit > Quiz Settings

Campus Learning Usage Report Update (SIS-197861) **[Enhancement]**

The Campus Learning Usage Report (https://kb.infinitecampus.com/help/campus-learning-usage) has been updated to include data for Discussions, Section Feeds, Engagement Check-In, and Ask a Question tools.

Path: Instruction > Settings > Campus Learning Usage Report

Embedding Google Docs in Curriculum (SIS-197865) **[Enhancement]**

Google Docs can now be embedded in the text editors on curriculum. Previously, embedded Google Docs were stripped out when the curriculum was saved.

Path: Instruction > Curriculum > Curriculum

New Quiz Feature - Question Banks (SIS-198050) **[Enhancement]**

A new feature has been added to quizzes called Question Banks (https://kb.infinitecampus.com/help/create-question-bank). Question Banks are a type of curriculum that is only visible to teachers and other curriculum staff. Banks collect questions together to make it simpler to store, access, and reuse

quiz questions. Teachers can create banks for subjects, units, or any other grouping that makes sense for their curriculum.

From a bank, teachers can copy questions (https://kb.infinitecampus.com/help/use-a-question-bank) into an existing piece of curriculum or a new one. They can also start with an assignment and copy questions from a bank to a quiz.

One recommended workflow is to create question banks in the My Curriculum tool, which can then be used to make quizzes in any of a teacher's sections.

Path: Instruction > Curriculum Planning > My Curriculum > New > Question Bank

Census

Census - Summary Tool Grade Display Issue (SIS-130703)

An issue where the wrong grade was displayed on the Summary tool (https://kb.infinitecampus.com/help/student-summary1) for a student when another student in the household had a Relationship Type of "Self" has been resolved.

Path: Student Information > General > Summary

Census - Duplicate Students Search (SIS-198466)

An issue where incorrect address and guardian information was returned when using the Duplicate Students Search tool (https://kb.infinitecampus.com/help/duplicate-students-search) has been resolved.

Student Information > Reports >Duplicate Students Search

Census - Student Profile Data Loading Issue (SIS-187965)

An issue where the student Profile tool (https://kb.infinitecampus.com/help/profile) did not load data for users with Read (R) rights has been resolved.

Path: Student Information > General > Profile

Census - Military Connections Tool Rights (SIS-195341)

A tool rights issue for Military Connections (https://kb.infinitecampus.com/help/military-connections-tool-rights) data in State Edition has been resolved.

Centralized Cloud Services

Backend Enhancement Makes Upload Button Appear for Non-CDR Districts (SIS-198028) **[Enhancement]**

An update to the management of backend file storage will cause an Upload button to appear in various tools across Campus for districts that are not currently using the Campus Digital Repository (CDR). When selected, the user cannot upload documents; instead, they are presented with a message directing them to contact their administrator to register for CDR. The presence of CDR functionality enables a seamless transition if/when a district fully enables CDR, and it allows non-CDR customers to maintain long-term access to historical Special Education documents and evaluations.

Path: N/A

Classroom Integrations

Digital Learning Applications Configuration - Tool Search (SIS-197934) **[Enhancement]**

The Tool Search function in Campus has been updated so that if a user searches for "oneroster" or "lti", the Digital Learning Applications Configuration tool is included in search results.

Path: Tool Search

OneRoster Performance (SIS-197085) **[Enhancement]**

Updates have been made to improve the performance of the Demographics endpoint in OneRoster 1.2, including getAll and getActive.

Path: No specific path

Digital Learning Applications Configuration - Visual Updates (SIS-196740) **[Enhancement]**

The underlying architecture of the Digital Learning Applications Configuration tool has been updated, resulting in minor cosmetic changes to the screens in that tool. Functionality of the tool is unchanged.

Path: Instruction > Settings > Digital Learning Applications Configuration

LTI 1.3 - Placements and Parameters (SIS-196124) **[Enhancement]**

A new Placements and Parameters section has been added for LTI 1.3 connections. This section populates any parameter set in Campus's internal vendor management system for the connection as a whole or for specific placements of LTI tools. District users can modify these auto-populated parameters and enter their own as desired.

Path: Instruction > Settings > Digital Learning Applications Configuration > select an LTI provider

> click an LTI 1.3 connection

OneRoster Jobs - State Edition (SIS-184559)

Logic has been updated so that OneRoster jobs are no longer run on state editions of Campus.

DIS/SIF

Unable to Save Assessments (SIS-173739)

The issues preventing users from saving assessments have been resolved. Assessments can be edited, deleted, and created without error.

Path: Student Information > Assessment Administration > Assessment Center

DIS - Error Log Update (SIS-197042) **[Enhancement]**

Start Date and End Date fields have been added to the DIS Error Log (https://kb.infinitecampus.com/help/error-log) to allow users to find errors within a specified date range.

Path: System Settings > Data Interchange Administration > Error Log

SIF Unity – Sent Record History Update (SIS-195435)

The SIF Unity Sent Record History (https://kb.infinitecampus.com/help/sent-record-history-sif-unity) has been updated to filter records correctly when filtering by PersonID or RefId.

Path: System Settings > SIF Unity > Configuration Tool > SIF Tools >Sent Record History

SIF Unity – Static RefIDs for Student Attendance Summary (SIS-198023) **[Enhancement]**

The Student Attendance Summary object (https://kb.infinitecampus.com/help/sif-unity-objects)has been updated to use a static and unique RefID for students in a calendar year.

Path: System Settings > SIF Unity

SIF Unity – Record Deleter Update (SIS-198026)

Path: System Settings > SIF Unity > Configuration Tool > SIF Tools >Record Deleter

SIF Unity – Object Viewer Update (SIS-198185) **[Enhancement]**

Functionality has been added to the SIF Unity Object Viewer tool (https://kb.infinitecampus.com/help/sif-unity-object-viewer) to allow users to apply additional search criteria to objects to view additional data.

Path: System Settings > SIF Unity > Configuration Tool > Object Viewer

Ed-Fi

Ed-Fi – Removal of Ed-Fi v2 Code (SIS-196229) **[Enhancement]**

All Ed-Fi version 2 code has been removed from the system.

Path: Reporting > Ed-Fi

Enrollment

Enrollment Roll Forward Wizard Displays Error When The Transportation Roll Forward Checkbox is Marked And An Override Start Date Is Entered (SIS-188075)

It was discovered that the Enrollment Roll Forward Wizard would generate an error when both the Transportation Roll Forward checkbox was marked and an Override Start Date was entered. This has been corrected.

Path: Student Information > General Student Administration > Enrollment Roll Forward Wizard

Fees

Fee Disputes (SIS-197895) **[Enhancement]**

Fees now flags disputed payments (https://kb.infinitecampus.com/help/fee-disputes) and blocks payment or fee voids until resolved, then resumes normal behavior.

Path: Census > People > Fees

Flags

Flags Marked as "Statemanaged" in Database Erroring When Assigned To Student (SIS-198247)

State Edition customers reported that assigning students flags marked as "Statemanaged=YES" in the database returned the error "the credit group for this state program must be properly mapped prior to assigning to students". This error was occurring at both the State and District level. This has been resolved.

Health Office Recorded By Logic Removed (SIS-188203)

The logic for automatically populating the Recorded by field on a Health Office Calendar (https://kb.infinitecampus.com/help/health-office-calendar) record when an appointment is entered on the Medications (https://kb.infinitecampus.com/help/medications), Conditions (https://kb.infinitecampus.com/help/conditions), or Office Visits (https://kb.infinitecampus.com/help/health-office-visits) tool was removed. This logic was causing

issues with the intended use of the Health Office Visit Cancellations tool.

In addition, a Modified By read-only field was added to the Health Office Visit (https://kb.infinitecampus.com/help/office-visits-health-office-visits) tool.

Scheduling

New Course Rules for Precedes/Follows and Before/After (SIS-174393) **[Enhancement]**

New Scheduling Rules have been added for the Precedes/Follows and Before/After rules, allowing the rules to apply to either Terms or Periods. Previously, the rules only applied to the Term. Logic for rules with '(by Term)' in the name has not been changed.

Before and After

The existing rules of Before and After are now:

- Before (by Term) and After (by Term)
- Before (by Period) and After (by Period)

Choosing 'by Term' means the student must take the course in a term that comes before the current term or a term that comes after the current term during any point in the school year.

Choosing 'by Period' means the student must take the course in a period that comes before or after the period in which that course section is scheduled at any time during the day.

Period order is based on the SEQUENCE of the period as entered in Calendar Periods, not by the Name of the period.

Precedes and Follows

The existing rules of Precedes and Follows are now:

- IMMEDIATELY Precedes (by Term) and IMMEDIATELY Follows (by Term)
- IMMEDIATELY Precedes (by Period) and IMMEDIATELY Follows (by Period)

Choosing 'by Term' means the student must take the course in a term in the preceding consecutive term - e.g., if the course is scheduled in Term 2, the other course must be scheduled in Term 1).

Choosing 'by Period' means the student must take the course in a period in the preceding consecutive period - .e.g, if the course is scheduled in Period 2, the other course must be scheduled in Period 1.

See the Course Rules (https://kb.infinitecampus.com/help/course-rules) article for information on adding course rules. See the Scheduling Rules Descriptions and Examples (https://kb.infinitecampus.com/help/scheduling-rules-descriptions-and-examples) for details on the new and existing rules.

Scheduling Board, Staff Planner - Teacher Role Assignment (SIS-174395) **[Enhancement]**

The Scheduling Board (https://kb.infinitecampus.com/help/scheduling-board-new) and the Staff Planner (https://kb.infinitecampus.com/help/staff-planner-staff-planner) now include the option to assign a Role to the staff person. When the Role is populated in the Staff Planner, it is automatically populated on the Scheduling Board.

In the Scheduling Board, right-click on a Section and select a value for the new field **Assign Primary Teacher Role.**

In Staff Planner, select a staff person and enter a **Role** for them. Or filter the staff list and apply the same role to the selected staff using the **Batch Edit Staff** option.

Options for Roles cannot be modified.

End Date Logic in Requests & Rosters, Walk-In Scheduling (SIS-194119)

The Batch Edit Student Rosters process and the Roster Builder in Requests & Rosters (https://kb.infinitecampus.com/help/requests-rosters) have been updated to prevent the entry of an end date on roster records that matches the end of the term. This matches logic in the Walk-In Scheduler (https://kb.infinitecampus.com/help/walk-in-scheduler).

When such a date is entered in Request & Rosters, a message displays indicating the end date cannot be the same date as the last day of the term.

North Carolina – Updates to PMR FATAL-23 (SIS-196460)

PMR FATAL-23 (https://kb.infinitecampus.com/help/pmr-data-validations) determines whether a student with a membership status of MED1 or MST1 is scheduled for less than 50% of the Student Day Minutes.

To meet those requirements, the following updates have been made to the logic for FATAL 23:

- PossibleStudentDayMinutes calculation was updated to:
  - Review calendar day events and include indicated instructional minutes when a day event with a standard code of 'AD' was used.
  - Reference the Student Day minutes from the Calendar Information screen if no day event with a standard code of 'AD' was added.
- Calendars marked as Excluded are now included in the validation.
- Summer calendars are excluded from the validation.
- Only those enrollments with an admission status of MED1 or MST1 are included in the validation.
- The column PossiblePeriodScheduleMinutes was removed.

North Carolina – CTE Status Extract Updates (SIS-197655)

The following updates have been made to the CTE Extract (https://kb.infinitecampus.com/help/nc-cte-extract):

- The reporting population has changed for when students are assigned multiple of the same programs and when a student is assigned a Participation program:
  - If a student is assigned to multiple UNIQUE Academic Programs, one report row per unique Academic Program assignment generates.
  - If a student is assigned to multiple NON-UNIQUE Academic Programs, only one report row of data generates to represent a summarization of the unique Academic Program.
  - If a student is assigned an Academic Program that includes the word 'Participant' in the title of the pathway, that program is not included in the CTE Extract.
- The CTE Status field logic has been updated to reference data reported in Course(s) In Progress, Foundational Prerequisite Course, Prerequisite Course, and Concentrator Course columns.
- Course(s) In Progress reports the State Code when the Roster End Date is NULL, and the Term End Date of the Section's Placement is after the report generation date, or when the Roster End Date is after the minimum of the generation date or the entered effective date.
- Completed Courses no longer verify the credit group.
