

Instruction Roster Verification Administration - Start Here

Last Modified on 04/26/2026 2:06 pm CDT

[Roster Verification Events](#) track time spent between teachers and students. Events are established by administrators and define the parameters for which teachers and other staff members must enter contact time for students in their rosters. Teachers then [verify their rosters](#). The [Roster Verification Event Log](#) collects all existing Roster Verification Events, based on the context selected in the Campus toolbar.

Explanation
