Eligibility Import Wizard - Start here

Last Modified on 07/28/2026 4:38 pm CDT

The Eligibility Import Wizard uploads and imports data files containing student meal service and socioeconomic eligibility. The wizard includes steps for mapping values from the data file to the Campus database for state reporting and food service purposes.

Getting started

- Getting Started with Eligibility Import

How-to guides

- Import a Direct Certification eligibility file
- Import a file of student eligibility from a third-party system
- View results on the Eligibility Import Report
